

A photograph of several curling stones on an ice rink. The stones are dark grey granite with polished handles. In the foreground, a large stone with a red handle is prominent on the right, and a stone with a yellow handle is on the left. Several other stones with red and yellow handles are visible in the background. The ice surface shows the characteristic circular markings of a curling rink.

CURLING EXPERIENCE

FROM 8 TO 48 PERSONS

WHEN?

Anytime during your visit to Prague.

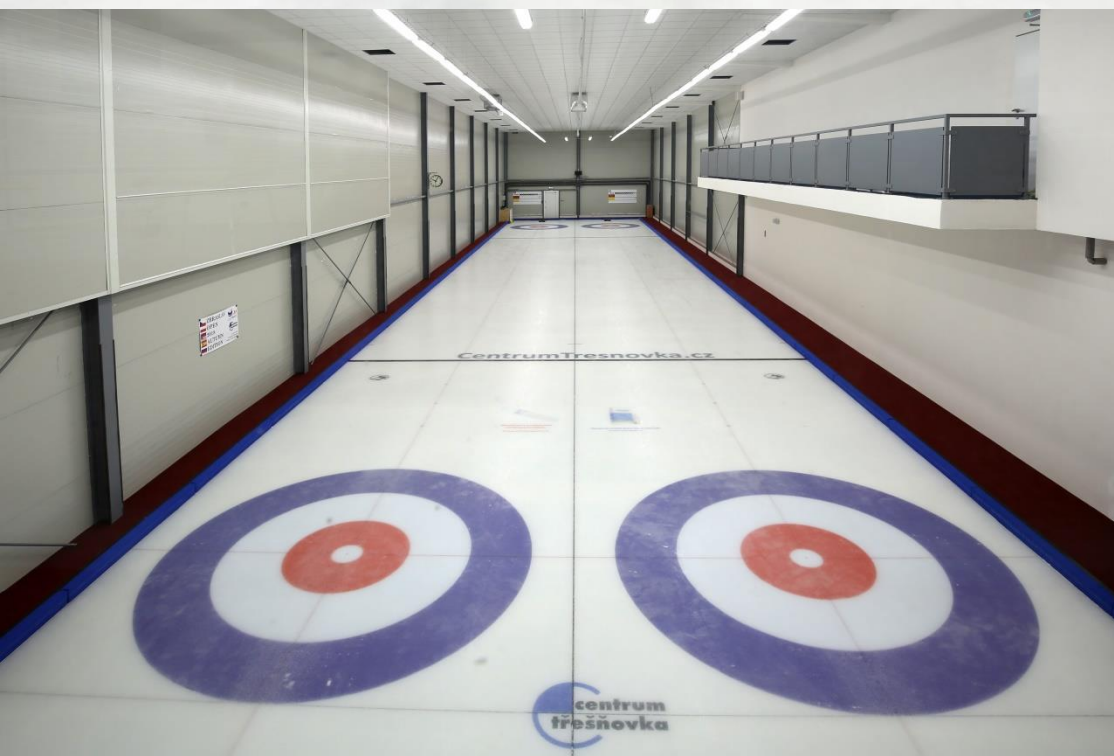

HOW?

Under the guidance of experienced instructors, we will introduce you to the secrets of this beautiful collective game. In two hours, we will teach you basic skills - throwing stone and sweeping, a bit of a curling strategy, and eventually play one or two games. If you order a time longer than 2 hours, you can handle the entire curling match. In the end, the winning team will be announced, and you will also receive a certificate of curling course completion in addition to beautiful memories and photos. Above that, you will also be acquainted with the social aspect of curling, which is enjoying yourself together with the other players after the match, when the winning team invites the losers for a drink, and so the winners are both teams - one wins the match and the other drink. You will also be able to buy a curling souvenir from Prague that will remind you of this experience forever.

FOR WHOM?

Absolutely everyone! (from 12 to 100 years of age)

Take the unique opportunity to try the Olympic sport **CURLING** and among many other attractions of Prague, enjoy this amazing sporting and social experience!

We look forward to you!
Team of the Třešňovka Center
